

FROM **9/11 TRUTH** TO **9/11 JUSTICE**

**A Symposium on Taking Back Our Nation**

**Saturday, November 11, 2006 ★ George Mason University, Arlington VA**

## Six things you can do to spread the truth about 9/11

1. Copy the articles in this packet and give them to your relatives, friends and colleagues.
2. Go to **www.911truth.org** and **www.dc911truth.org**, copy these and other articles and e-mail them to your relatives, friends and colleagues.
3. Don't rely on media controlled by mega-corporations for vital information: turn off the network news and break the daily newspaper habit. Obtain information from solid alternative print and broadcast sources and internet sites listed on the above 911 Truth websites.
4. Have a house party and show one or more of the videos on the enclosed DVD and other DVDs from the symposium sales table. If possible, burn your own DVDs and distribute them widely.
5. Join the **dc911truth.org** listserv, **dc911truth@googlegroups.com**, for information on local events and projects, including outreach to potential agency and contractor whistleblowers in the DC area.
6. Form a 9/11 truth group in your community to reach out to others with the facts about the events, probable purposes and deadly consequences of the 9/11 attacks.

**“The 9/11 myth is a menace to humankind.”**
