

Barrie Zwicker

Towers of Deception

The Media Cover-Up of 9/11

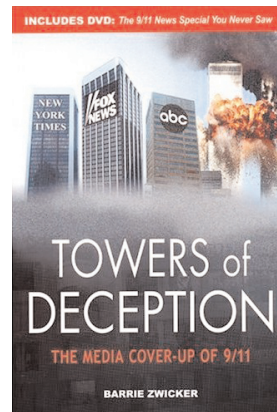

An Illustrated Lecture • Introduction by Webster Griffin Tarpley

Who was *really* behind the attacks on 9/11?

- *Zogby Poll, August 2004*: 49% of New Yorkers say U.S. knew in advance and let it happen.
- *Zogby Poll, May 2006*: 55% of Americans question media's coverage. 45% want a new investigation.
- *Scripps Howard Poll, August 2006*: 36% of Americans believe U.S. officials were "likely" involved in the attacks.

In his new book, *Towers of Deception*, Canadian journalist and TV host Barrie Zwicker proves "beyond a reasonable doubt" that 9/11 was an inside job and criticizes the mainstream media for failing to ask basic questions about the official story. He examines cases of de facto censorship by the media and the psychological phenomenon

of denial. He also discusses "false flag" operations, psychological warfare, and the "Invisible Government"—the powers pulling strings behind the scenes. Zwicker passionately urges people to speak truth to power and challenge all media.
